

RETAINED RIGHTS/TERMS AND CONDITIONS

Authors/employers retain all proprietary rights in any process, procedure, or article of manufacture described in the Work.

Authors/employers may reproduce or authorize others to reproduce the Work, material extracted verbatim from the Work, or derivative works for the author's personal use or for company use, provided that the source and the IEEE copyright notice are indicated, the copies are not used in any way that implies IEEE endorsement of a product or service of any employer, and the copies themselves are not offered for sale.

Although authors are permitted to re-use all or portions of the Work in other works, this does not include granting third-party requests for reprinting, republishing, or other types of re-use. The IEEE Intellectual Property Rights office must handle all such third-party requests.

Authors whose work was performed under a grant from a government funding agency are free to fulfill any deposit mandates from that funding agency.
